Key Services

Medical Referrals and Appointments - Your call to the Alarm Center enables you to be referred to English-speaking doctors and/or hospitals, dentists and specialists.

Hospital Admission Guarantee - In the event that a hospital does not recognize your medical insurance, this travel assistance service will assist in guaranteeing hospital admission for you or your dependents by validating your health coverage and/or advancing funds.

Emergency Evacuation - Whenever adequate medical facilities are not available locally, this travel assistance service will provide whatever mode of transport, equipment and personnel necessary to evacuate you or your dependents to the nearest facility capable of providing proper care.

Critical Care Monitoring - A team of doctors, nurses and other medically trained personnel will stay in regular communication with the attending physician and/or hospital to ensure you or your dependents are receiving proper care at all times.

Medically Supervised Repatriation - If you or your dependents are ready to be discharged from the hospital but still are in need of medical assistance, this service will repatriate you or your dependents to a rehabilitation facility or home, and if medically necessary, will provide a medical or non-medical escort.

Dispatch of Prescription Medication - If you or a dependent forgets or loses a prescribed medication, this

travel assistance service provides assistance in the arrangement for replacement medication. If the medication is not available locally, this service will coordinate the dispatch of the prescription medicine when possible and legally permissible, or provide you with an appointment with a medical provider in order to re-establish the prescription.

Emergency Message Transmission - The Alarm Center will receive and transmit emergency messages on your behalf.

Transportation to Join Patient - If you or your dependents are traveling alone and will be hospitalized for more than seven days, Travel Assistance will provide round-trip common carrier transportation to the place of hospitalization for a designated family member or personal friend.

also obtain 24-hour pre-departure information on weather, currency or holidays.

Lost Document and Luggage Assistance - This travel assistance service provides assistance in locating lost luggage once a claim has been filed. This is not an insurance policy for lost/stolen luggage and does not reimburse for a permanent loss. This service also provides assistance in the coordination of replacing lost documents or passports.

Emergency Cash/Bail Assistance - If your wallet is lost or stolen, you can receive an advance for personal emergency cash. Also, this service provides assistance in obtaining bail bonds, where available. Emergency cash can be transferred from a friend, family member or business account.

How to Access Travel Assistance

Next time you or your family members are traveling and need assistance, remember to use the phone number on the back of your Travel Assistance ID card. One simple phone call to the Alarm Center puts you in touch with highly-trained staff who will ensure your call is handled promptly and will even coordinate with your medical insurance carrier in the event of a medical emergency.

Note - Your health insurance still pays the medical expenses, but all of the extra costs involved in the medical transportation and other travel assistance services administered by AXA are covered. A small monthly fee is included in the cost of your insurance coverage and is paid to make these assistance services available to you. Please remember that the Alarm Center needs to be contacted to activate the services, and all services must be arranged by AXA. No claims for reimbursement will be accepted.

Exclusions - Travel Assistance is available for participants in traveling status. Whenever a trip exceeds 120 days, the participant is considered to be no longer in traveling status and no longer requires or is eligible for our travel assistance services.
