

Due to construction in the Bell Tower lot, Medical Drive will be restricted to single lane travel beginning on Monday, September 21 and continuing through Thursday, December 31, 2009.

The work will be accomplished in three sequences with open travel lanes changing as needed. The travel lanes for each sequence will be controlled by a flagman directing the flow of traffic. All construction excavations will be plated at night such that all travel lanes will be open for normal two way traffic.

Warning signs will be posted detouring pedestrians to open sidewalks.

Vehicles parked in the construction area overnight will be towed.

Drivers and pedestrians are asked to take caution and to observe the warning signs, the flagman, and pedestrian detours.

If you have further questions, please contact the UNC Department of Public Safety Monday - Friday 7:30 a.m. - 5:00 p.m. at (919) 962-3951.

*Thank you,*
