

Vanpool Permit Information for 2008/2009

In an effort to reduce the demand for parking on Main Campus while maintaining an adequate supply of parking for visitors and commuters; and to encourage a campus and town environment that is supportive of pedestrians and other alternative modes of transportation, a transit and parking task force has proposed that free parking be offered to vanpools.

Definition of a Vanpool Permit

Vanpool permits are designated for use by individuals using passenger vans leased by agencies such as TTA for the sole purpose of transporting individuals to and from work. Vanpool permits will not be issued to individuals using their own personal vehicles. Restrictions for vanpools are set by each agency (TTA requires at least 7 (seven) riders to establish a vanpool).

Use Limitations

Vanpool permits are non-transferable and must be displayed at all times while parked in the vanpool space. Vanpool permits are for vans, not personal vehicles. Improper use of vanpool permits may result in cancellation/confiscation of the permit.

Parking Restrictions

Vanpool permits may park in the following areas:

- 1) the allotted vanpool space in the zone designated by the permit;
- 2) any unmarked space in the designated zone if the vanpool space is filled.

If your assigned zone is full or you require Motorist Assistance, please call 962-8006.

Vanpool permits may not park in the following areas:

- 1) metered spaces without meter activation;
- 2) any other reserved space such as public disability, reserved at all times, Carolina Inn, visitor, D-permit required, etc.

Procedures for Issuance

- 1) The Parking Services Manager or their designee must approve each request.
- 2) Permits will be valid from August 15, 2008 through August 14, 2009.
- 3) If a permit is lost or stolen, an affidavit must be filled out with the Department of Public Safety. A charge of \$25.00 may be required for each permit re-issued.
- 4) Permits may not be valid during "special events operations."
- 5) To receive additional vanpool benefits offered by the Dept. of Public Safety, such as, subsidies applied to monthly vanpool costs or 1st time vanpool bonus, vanpool program participants must join UNC's Commuter Alternative Program (CAP). Joining CAP is free and can be accomplished by filling out a CAP application online or in person at the DPS office.

Vanpool Application

List *three (3)* parking area choices below:

1. _____ 2. _____ 3. _____

From what agency is the van leased? _____

Van License Plate #: _____ Van #: _____

Driver of the van:

Name: _____

PID #: _____

Home Address: _____

Home Telephone #: () _____ - _____

Department: _____

CAP member? Yes (circle one) No

University (circle one) **UNC Healthcare**

Department Function #: _____

Work Address: _____

Work Telephone #: () _____ - _____

Vanpool Riders:

	Name	PID Number	Dept. Function #	Telephone No.	License Plate	CAP Member Yes/No
