

## Relief Buddy: How's it going?

**GREEN DOT:** All staff (RN/CST/HUC/CCC) received a 30 minute, duty-free break during the 12 hour shift

**RED DOT:** At least one staff member did NOT receive a 30 minute, duty free break

Kamishibai (*pronounced kah-mee-she-bye*) is a type of visual control used in lean. The purpose is to assure pre-determined required tasks and/or checks are prompted and completed in the desired timeframe. The visual display allows anyone to assess the area and confirm whether the system is working properly.
