

Accelerated Training Options – Beaker for Pathologists

This Tip Sheet covers the Beaker Pathologist Accelerated Training Options (ATO) process through LMS and Playground.

The following Pathologist curricula in LMS offer ATOs for users with prior Epic experience. The process to opt-out includes the following steps:

- In LMS, register for the ATO(s) that corresponds with the Instructor-led course(s) listed in the appropriate Epic@UNC NEO role-based curricula in the table below.
- Log into the Epic@UNC Playground with the username and password provided on the Start Screen of the Accelerated Assessment.

NOTE: This is **NOT** an all-inclusive list of the required courses in each curricula, only those with available ATOs. Please see LMS for the full listing of required courses for each role.

NOTE: Pathologists working in anatomic pathology only should complete the EPIC_ATO_BKRPA_TST. Pathologists working in chemistry sections only should complete the EPIC_ATO_BKRCPA_TST. Pathologists working in both AP/CP must complete and pass both assessments.

Curricula	Courses Required	Time (hrs)	ATO Available
Pathologist	Beaker Pathologist	6	
			Anatomic Pathology Sections: EPIC_ATO_BKRPA_TST
			Chemistry Sections: EPIC_ATO_BKRCPA_TST

For any issues accessing MyApps, LMS or the Playground environment, contact the Service Desk at **984-974-4357**

For any issues or questions regarding the Accelerated Questionnaire or Assessment, email Epic@UNC Training at EpicTraining@unhealth.unc.edu

Registering for a Beaker Accelerated Training Option in LMS

The accelerated options appear for registration in LMS. Follow the instructions below to locate the Beaker Accelerated Training Options assessments.

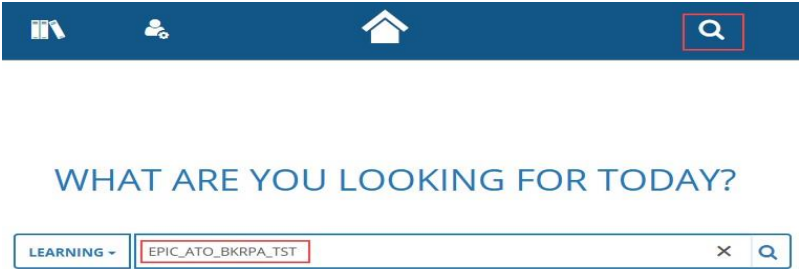

Rules:

- **Read ALL instructions carefully as no retakes are permitted under any circumstance for an ATO.**
- ATOs require a minimum of an 85% passing score.

The Epic@UNC Playground Environment must be used while completing an ATO. Make sure the computer used to complete an ATO can run both Playground and LMS simultaneously.

Find and Register for the Accelerated Training Option Assessments

1. In the Search field of LMS, enter the appropriate ATO course code listed in the table above for the ATO Assessment to be completed. Once the assessment is located, register for the activity using the instructions on the previous webpage.

- Failure to pass the ATO requires users to register for and complete the corresponding Instructor-led courses listed in your NEO curriculum.

2. The description and start screen of the assessment provide the username, password, department, and patients (if applicable) that must be used in the Playground environment in order to complete the assessment. It is a good idea to write down this information in the event that the Playground environment must be relaunched after starting the assessment.

DETAILS ACTIVITIES

▼ Full Description

The questions included in this assessment are specific to content included in the Beaker AP Pathologist instructor-led class. Use the following information to answer questions that require you to access the Epic@UNC Playground environment. You must achieve a minimum score of 85% with one attempt to be eligible for acceptable completion of the course and for access to Epic@UNC.

- **Playground Login Info:**
 - Login User ID: APPATH00
 - Login Password: train
 - Department: UNC McLendon Laboratory Chapel Hill

1. If you **DO NOT** pass this accelerated assessment with an 85% or greater, you will need to register for the instructor led Pathologist class. 2. If you do pass this accelerated assessment with an 85% or greater, you will NOT need to register for Pathologist.
