Carolina Assessment of Medications Program (CAMP)

University of North Carolina Health Care System

The CAMP Diabetes Program is a special pharmacy program that connects you with a UNC Clinical Pharmacist who will support you in managing your medications and conditions. By participating in this voluntary program, you will be eligible to receive certain medications for your diabetes management free of charge or at a reduced cost at one of the UNC In-House Pharmacies.

Program Elements

- Telephonic Meeting with CAMP Pharmacist
- Obtaining blood sugar levels (e.g. A1c) from your provider and sending them to the CAMP Clinic
