

Ways You Can Help

While we are urging people to follow the Centers for Disease Control and Prevention's guidance for social distancing and staying home as much as possible, many people are still looking for ways they can help. Below are some of the ways you can help your local hospitals and the community.

Donate Supplies

UNC Health is now accepting donations of personal protective equipment (PPE).

If you or your company have a supply of masks, hand sanitizer, or other essential medical supplies please donate them to help protect healthcare workers and patients.

"At this critical time, we are calling on our community to donate supplies that will help ensure we can continue to protect our patients, providers, and staff," said Dr. Wesley Burks, CEO of UNC Health. "This situation is unprecedented, and we are asking for extra help."

UNC Health will accept any of the following items:

Most Urgent Needs

- N95 masks
- Surgical masks
- Surgical mask with shield
- Nasal swabs for medical use

Other Needs

- Disinfectant
- Eye protection, including safety goggles/glasses
- Face shield
- Gloves, disposable
- Gowns, disposable
- Hand sanitizer, greater than 60% alcohol
- Hand soap
- Shoe covers, disposable

Drop-off locations and hours of operation include:
